Givenchy Taken and Retaken By British in Fierce Fighting Enemy Claim 6,000 Prisoners

ONLY FOUR BIG STEAMERS ARE SUNK BY SUBS

Destruction Reaches Low Level
But One Since "Intensive
Campaign" Began

LONDON, April 10.—The sinking of British merchant ships by mines or submarines last week reached the next lowest level of any week since German began her intensive submarine campaign early in 1917. Four vessels of more than 1,000 tons, two of less than 1,000 tons, and two fishing boats were sunk during the week ended March 30.

The admiralty statement adds: Vessels unsuccessfully attacked, 11, including two survivors. Arrivals, 2,334; sailings, 2,455. Two vessels were lost.

The low record in sinkings for any week since German began her intensive submarine campaign early in 1917, was the aggregate weight of tonnage sunk, the week ending March 30, 1918, only one vessel of over 1,000 tons was destroyed.

HEAVY FIGHTING
PARIS, April 10.—The French front line, after 1800 tons, were sunk by submarines during the week ended April 6, according to the weekly admiral's statement, was unsuccessfully attacked.

LONDON, April 10.—Maintaining the fiercest powerful attack in the northern part of the British line, the Germans continue to gain ground today. The official report of Field Marshal Haig says the British troops were forced back to the line of Wytschate, Messines and Ploegsteert.

Today's push north or Arrmentiers was a continuation of the new phase of the great offensive which boiled up yesterday between Givenchy and Arrmentiers when the enemy surged forward suddenly with fresh troops and made a considerable dent in the defending lines. If the enemy attack of today should succeed Arrmentiers would be in a deep salient with the Germans on both sides of it. One of the main features of the German plans for the offensive as a whole now becomes obvious. The Kaiser is bent on annihilating the British army as far as possible.

GERMANS CLAIM 6,000 PRISONERS
The fighting west of Calais grew of a German attempt to drive the French out of the woods there. The enemy met with no success in this, and sustained heavy losses.

BERLIN, via London, April 10.—Six thousand prisoners and one hundred guns were captured by the Germans between Arrmentiers and La Bassée Canal, the official statement from general headquarters announced today.

PREVENT ENEMY GAINS.
Paris, April 10.—German troops last night delivered a heavy attack on the French lines near Hangard-En-Santerre, which was met by a French counter-attack, preventing the Germans from gaining any advantage in the war office announced.

West of Castel and west of Noyon German efforts to advance failed.

In the fighting around Hangard-En-Santerre, the village changed hands repeatedly, but early this morning the French were in complete possession of the place and the cemetery nearby.

AMERICAN BATTALION TAKES ITS PLACE IN THE FIGHTING LINE

WITH THE BRITISH ARMY IN FRANCE, APRIL 10.—
The first of the American fighting troops have arrived on the British front and have been greeted with intense enthusiasm. The overseas pioneers were a battalion of infantry which came swinging along the road into a certain sector after an all-night march that began on the anniversary of America's declaration of war.

The dusty uniforms and unshaven faces of the Americans showed that they had been long on the road.

"A big miner called in the other day," said Librarian Hill to the members of the library board; "he produced three volumes and said that he had read them and did not wish to carry them in his pack any longer, and

would be glad to give them to the library."

The books are in excellent shape, and the Rev. McColl commented on the fact that they were pretty high-class reading. "The volumes are 'History of the United States' (Wright), 'The Canadian Constitution' (A. C. Ritchie), and 'The Constitution' (Walter Bagge)."

The librarian said that they were intended to A. J. Irving's gift of four volumes, to Charles Spence for the law library, and to M. W. Hopkins for some 70 volumes.

Recently, before the municipal law committee of the provincial legislature, A. Ross, M.P.P. for Calgary, asked that some inquiry should be made into the possibility of subsidizing man cars over the high level bridge. It being contended that such a practice was fraught with danger.

Repairs are needed to the roof at the Strathcona library and also to the boiler at the library. The board and the chairman and the librarian were appointed as a committee to have the roof repaired, if it could be done at a reasonable cost, and to furnish a report on the state of the boiler.

screamingly funny to witness make-up in some of the attire of the men and women for the event. Certainly they were dressed the occasion and such a collection of tramps, hoboes and derelicts of so have never before been seen in celebration. One and all lo

their parts and the uproarious laughter which they created will long be remembered by all who witnessed this unique affair. It was a surprise to all in many respects for one one had just when they would be called for an item which was not on the

gram. Everybody, however, being such a good humor, and out for and frolic willingly did their part suddenly called upon by the M. charge. Mr. James Stewart was pointed judge and awarded to Marsden and Mr. R. Dixon the for the most original and com

make up in dress and demeanor, was being staged for the event. His debut met with the complete approval of the audience. The card event was won by Miss Sier and Mr. R. J. Hughes respectively. Speeches, songs, recitations, etc helped to pass away a pleasant evening. The following is a list of the program:
